Equipment Rental

Flo-Back Equipment Rental and Sales Ltd. is pleased to announce the construction of a modern, high quality, process equipment rental fleet.

All equipment is built to current ASME specifications and is managed by Flo-Back's internally developed Integrity Management System (IMS). Our years of experience in design, fabrication management, and quality control give you the peace of mind you deserve.

Please click on the links to the left in order to view more details on our rental equipment. If we currently do not have what you need in stock, please contact us at mark@flo-back.com, we will try to source or build a package to suite your specific needs.

Equipment Sales

“...we are more than just brokers.”

With over ten years of design, fabrication, and quality control experience Flo-Back Equipment Rental and Sales Ltd. is the logical choice to handle your equipment purchasing needs. Whether you are looking for new, used, or refurbished equipment, make Flo-Back your one and only call, put us to work for you.

New Equipment

Flo-Back has aligned itself with high quality, reputable fabrication facilities in order to competitively quote your new equipment needs. We are more than just brokers, we have a strong background in equipment design and fabrication. Our background in the fabrication industry gives us the confidence to properly quote and manage your project from concept to conception.

Used / Refurbished Equipment

Flo-Back has several sources for used and refurbished equipment, dealing only with surplus companies that have quality products, when it comes to used pressure equipment, there is no room for short cuts. Your safety is our highest priority.

Flo-Back Equipment Rental and Sales Ltd.

“Working Well Under Pressure....Inline and On Time”

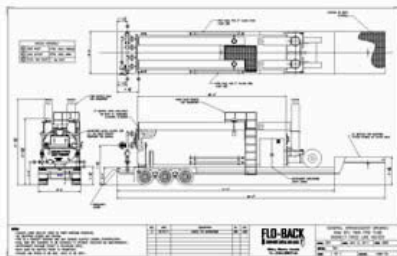

COUNT ON FLO-BACK FOR YOU NEW EQUIPMENT FABRICATION

Flo-Back’s engineering, design, and management team has over 15 years experience in process equipment design and fabrication. With a focus on customer service and quick deliveries, we are committed to be your one stop shop for your fabrication needs.

ABSA Approved Quality Control Program

- B31.3 Certified-
- AQP #21630-
- Construct, Repair / Alter ASME B31.3 Process Piping-
- Construct, Repair / Alter ASME B31.3 Indirect Fired Heater Coils-

Modern Design Capabilities

- AutoCAD 2D and 3D drawings-
- Compress Vessel design software-
- In house design team-
- Industry leading designs-

Clean, Bright Fabrication Facility

- 8,000 SQFT and growing (new facility coming soon)-
- Capacity to handle packages up to 60,000lbs-
- Large yard for storage-

Rent While You Build

With a fleet of over 50 rental packages to chose from, it is likely that we can supply a temporary unit for your production needs while we build your new equipment. Not only will this get you working faster, purchase credits can be earned towards you new package in this manner.

- Wellhead Separators - Test Separators - Pressure Tanks - Flow Line - Line Heaters -
- Pump Packages - Compressor Packages - Filter Packages - Custom Packages -
- Manifolds - Propane Vaporizers - Flare Stacks - Storage Tanks -
